

**REQUEST FOR PROPOSALSTO PROVIDE PROGRAM SERVICES  
FOR  
OUT-OF-SCHOOL YOUTH AGES 17-24**

**PROPOSERS CONFERENCE QUESTIONS AND ANSWERS**

1. A question on the RFP: Per the RFP, “**NAVIGATORS** must follow up on all youth after they exit the program for 12 months as required by WIOA. Performance is further defined in the **NAVIGATOR** Option section.”

What happens if students exit the program in June 2018, the grant ends on June 30, 2018, and there is no further funding to retain the navigator? Will the entity receiving the initial grant still be held accountable for 12 month follow-up on the students, even though the navigator position no longer exists?

**LVWDB will transfer youth to a contracted OSY program service provider.**

2. On page 16 of the RPF, section F. Proposal Submission – do you want each section tabbed? Tabs labeled or plain tabs? Or do you prefer no tabs?  
**Above question refers to style and response submission style is determined by proposer.**
3. In the RFP, Navigator Option, under Performance, #2 and #3. Does “placement in unsubsidized employment” mean that OJT funds may not be used for the participant?  
**No**  
**Placement in unsubsidized employment happens following program exit. After exit, participants need to be working in unsubsidized employment, attending college or in the military to meet the placement performance goal.**  
**OJT activities occur during program participation and can be funded through WIOA.**
4. In a proposal for a higher education institution where it is assumed the student will participate in a two year program, does the cost per student remain \$4,500 or \$4,500/year?  
**Yes, please refer to Section IV**
  - **Average cost per youth \$4,500 per year**
  - **Training/paid work experience has been set aside in the LVWDB budget.**
5. In the RFP, Navigator Option, under Performance, #4. Has the wage rate been set by the LVWDB?  
**No**  
**PA has made recommendations for Performance Measure 4 and 5. The recommendations will be recommended to the Board at their March meeting.**
6. In the RFP, Navigator Option, under Performance, #5. Can you please provide an explanation of what is meant by “attainment of the employer measure to be set by the LVWDB”? And, what is that particular performance measure that must be met?  
**We do not have any guidance with respect to this measure at this time as it must first be negotiated between the USDOL and the State.**
